Robin has been a Realtor since 2002 in Mesa County. She has lived in the Grand Valley since 1984 and has a real knowledge of the area. She has listed and sold all types of real estate, from mobiles to mansions!! She also worked on 2 different subdivision projects & understand that process quite well. Robin has a builder that she works with closely and will be happy to help you find "dirt" to build on...as well as arrange a meeting with the GC.

Her husband, James, works as a Biologist at Colorado Mesa University and together they have raised 5 children and have 5 grandchildren. They have a vested interest in this community. Before Robin was a Realtor, she worked as a microbiologist and a pathology assistant, helping perform autopsies with the county coroner. She has an excellent attention to detail and understands confidentiality. Robin promises you honesty, respect and will always value your business, while treating you and your referrals as you want to be treated. If Robin can help you find your dream home or make a transition into a smaller property....please call her today. She would love to visit with you!
